

# I LIKE IT!

From manual instrument cleaning right through to  
documentation and storage

For manual disinfection and cleaning of general, surgical and sensitive instruments, Dürr Dental only uses active ingredient combinations that are non-fixing and free of aldehydes. These ensure that instruments are disinfected gently without damaging the materials while still ensuring reliable cleaning results. Gentle on instruments but uncompromising on germs – you can always depend on Dürr Dental instrument disinfection.

## Instrument disinfection

Works for up to 7 days

### ID 212 | Instrument disinfection

Concentrate for gentle cleaning and disinfection of instruments

- Suitable for general, surgical and rotary instruments
- Very short reaction time
- Outstanding material compatibility with instruments containing rubber and silicon

**Spectrum of activity<sup>1</sup>**

Bactericidal, tuberculocidal in an ultrasonic device, yeasticidal, limited virucidal (enveloped viruses incl. HBV, HCV, HIV and coronaviruses, as well as non-enveloped adenoviruses and noroviruses)

**Active agents**  
**Units**

Quaternary ammonium compounds  
1 litre, 2.5 litres

**Ideal addition**

Hygobox

Works for up to 7 days

### ID 212 forte plus | Instrument disinfection

Concentrate for cleaning and disinfecting general, surgical and rotating instruments

- Excellent material compatibility
- Works for up to 7 days
- Fast disinfection and cleaning

**Spectrum of activity<sup>1</sup>**

Bactericidal, tuberculocidal in an ultrasonic device, yeasticidal, limited virucidal (enveloped viruses incl. HBV, HCV, HIV and coronaviruses, as well as non-enveloped adenoviruses and noroviruses)

**Active agents**  
**Units**

Quaternary ammonium compounds  
1 litre, 2.5 litres

**Ideal addition**

Hygobox

Works for up to 14 days

### ID 213 | Instrument disinfection

Concentrate for cleaning and disinfecting general, surgical and rotating instruments with a broad range of effectiveness

- Very economical thanks to a long working time of up to 14 days
- Excellent material compatibility thanks to corrosion inhibitors

**Spectrum of activity<sup>1</sup>**

Bactericidal, tuberculocidal, mycobactericidal in an ultrasonic device, levurocidal, limited virucidal (enveloped viruses incl. HBV, HCV, HIV), noroviruses and polyomaviruses SV40

**Active agents**  
**Units**

Alkylamines, quaternary ammonium compounds  
1 litres, 2.5 litres

**Ideal addition**

Hygobox

<sup>1</sup> Tested in accordance with EN 13727, EN 13624, EN 14348, EN 14476, EN 14561, EN 14562, EN 14563 and EN 17111.

# Instrument cleaning and bur disinfection

## ID 215 | Enzymatic instrument cleaner

Concentrate for manual, enzymatic instrument cleaning prior to disinfection

- With proven personnel protection thanks to its antimicrobial effect
- Exceptional cleaning efficiency – dissolves even the most stubborn contamination
- Good material compatibility

**Personnel protection<sup>1</sup>**

**Active agents**

**Units**

**Ideal addition**

Bactericidal, levurocidal, limited virucidal (enveloped viruses incl. HBV, HCV, HIV)

Quaternary ammonium compounds, guanidine compounds

2.5 litre

Hygobox

Works for up to 7 days

## ID 220 | Bur disinfection

Fully virucidal, ready-to-use solution for cleaning and disinfection of alcohol-resistant rotating instruments

- Exceptional cleaning power, especially designed for the microstructures in drills and cutters
- Outstanding corrosion protection and long working time of up to 7 days
- Very short reaction time

**Spectrum of activity<sup>2</sup>**

**Active agents**

**Units**

Bactericidal, mycobactericidal, tuberculocidal, yeasticidal, fungicidal, virucidal (enveloped viruses incl. HBV, HCV, HIV and coronaviruses, as well as non-enveloped viruses such as adenoviruses, polyomaviruses SV40, noroviruses and polioviruses)

Alcohols in alkaline medium

1 litres, 2.5 litres

## Hygobox

Sturdy and robust transport and disinfection box

- Ergonomic handles for safe transport
- Tilt-resistant drip-off position for the integrated cartridge
- Specially shaped slits prevent the instruments from becoming entangled

**Colours**

**Volume**

**Size (HxWxD)**

**Ideal addition**

Anthracite-coloured lid with blue or yellow cartridge, lid available in 5 different colours and with a white cartridge

Capacity 3 litres

13 x 32.5 x 21 cm

ID 212, ID 212 forte plus, ID 213, ID 215, MD 520, MD 535

<sup>1</sup> Tested in accordance with EN 13727, EN 13624, EN 14476, EN 14561, EN 14562 and EN 17111.

<sup>2</sup> Tested in accordance with EN 13727, EN 13624, EN 14348, EN 14476, EN 14561, EN 14562, EN 14563 and EN 17111.
