# SERIES MC01 CONTRA-ANGLES AND HANDPIECES

## Contra-angles and handpieces MC01: an investment that lasts over time

The contra-angles and handpieces of the **MC01** series are ergonomic, functional and built with high quality materials to last over time. Manufactured according to the highest quality standards, they ensure maximum operational efficiency, protecting your investment.

Reliable and guaranteed for 18 months, the models of the **MC01** series feature state-of-the-art solutions, such as ceramic ball bearings (available on contra-angle MC01 R/RL only), an anti-reflux mechanism and stainless steel heads.

Maximum precision and quick cleaning, thanks to the anti-slip material coated surface and the new shape without edges.

The **MC01** offers as many as 6 models of contra-angles with different gear ratios, with and without fiber optic. A straight handpiece with a ratio of 1:1 completes the range.

18-MONTH WARRANTY

### HEAD SIZE

Improved treatment efficiency and accessibility thanks to the new smaller standard head size.

### EASE OF USE

Reliable and handy; with a retention power of up to 30 Newton, the pushbutton chuck system holds the bur securely in place, thereby facilitating complete ease of use.

### GRIP

Fast cleaning and efficient grip thanks to the new anti-slip surface and the new smoother shape now without edges.

### SERVICE LIFE

The ceramic ball bearings (available on contra-angle MC01 R/RL only) guarantee a much longer than average service life and excellent, vibration-free operation.

### COOLING

The 3-hole spray (available on contra-angle MC01 R/RL only) ensures a perfect spray and the instrument to be always optimally cooled – right up to the bur tip.

### SPRAY-MICROFILTER

Always ready to use thanks to the replaceable spray microfilter (available on contra-angle MC01 R/RL only).

# MC01B

## MC01 R Transmission 1:5

Fast and precise working thanks to the small head, spindle and ceramic ball bearings. Best reliability thanks to internally conducted spray water and air, 3-hole spray, and replaceable water filter.

## MC01 RL

Perfect lighting thanks to the high quality glass rod light conductor.

## MC01 G Transmission 5,4:1

Efficient with single spray and internally conducted spray water and spray air. Efficient access thanks to the small head.

## MC01 GL

Perfect lighting thanks to the high quality glass rod light conductor.

## MC01 B Transmission 1:1

Efficient with single spray and internally conducted spray water and spray air. Efficient access thanks to the small head.

## MC01 BL

Perfect lighting thanks to the high quality glass rod light conductor.

## STRAIGHT HANDPIECE MC01 S Transmission 1:1

Efficient with single spray and internally conducted spray water and spray air. Quick easy bur change thanks to the revolving ring system. Suitable for straight and contra-angle burs.

## STANDARD FEATURES FOR ALL MODELS

- Lightweight
- Small head made of stainless steel
- Very low retraction effect
- Anti-slip and extra-resistant surface
- Sterilisable up to 135°C (275°F)
- Washable with thermo-disinfectant
- 18-month warranty

EXPERIENCE AND INNOVATION  
SINCE 1948

## BEHIND THE TECHNOLOGY

Faro's core business is the result of the best Italian technology and the daily commitment of many people working to shape excellent products, designed on the real ergonomic needs of the dentists and their patients.

**FARO S.p.A.** founded in 1948 by Osvaldo Favonio, designs and produces equipment for the manufacturer of dental units, dental cabinets and dental laboratories. In over 5,000 square meters of the production plant in Ornago (MB), both the production and the design and research & development take place.

Over the years, the Company has earned the position as world leader in the specific sector, a role gained thanks to the technology and design research and the ability to understand the real needs of end users. Total quality, assured by the internal management of the entire production cycle and by a qualified and efficient pre- and post-sales service. FARO experience best expresses the pride of a total-made-in-Italy product.

The **six product lines** that we are producing and marketing offer a **full range of solutions** for the construction of the medical and dental laboratory

### ILLUMINATION

LED AND HALOGEN

includes several models of lamp, made with LED and HALOGEN technology;

### APPLICATION SETS

AND COMPLEMENTS

essential for the positioning of the lamps and related accessories on the dental unit and inside the cabinet;

### STERILIZATION

AND WATER TREATMENT

includes class B autoclaves, distillers, and systems for the treatment of water;

### INSTRUMENTS

FOR DENTAL CABINETS

turbines, syringes, handpieces and contra-angles;

### COMPONENTS

FOR DENTAL UNITS

a complete line of components, accessories and spare parts intended for dental units;

### INSTRUMENTS

FOR LABORATORIES

motors, handpieces and trimmers;

We can also customize our products to meet specific demands. For a custom project, please contact our Customer Service.
