

SL13

SEALER

EXPERIENCE AND INNOVATION
SINCE 1948

SL13 SEALER

SL13 is the thermo-sealing machine which fits as a natural complement to the range of steam sterilisers. It is an **elegantly, space-saving designed piece of equipment** that is both **user-friendly** and **reliability**, even with heavy use. **SL13** is therefore a useful option for all those users who require professional equipment with an **excellent ratio of quality to price and performance**.

GUARANTEED TO MAINTAIN STERILIZATION PERFORMANCE

SL13 is an **electronically controlled thermo-sealer** with a sealing band of 12 mm fit to resist the sterilization processes of the modern sterilizers featuring **fractioned pre-vacuum**, and to assure the sterility of the packages.

CONSTANT HIGH PERFORMANCE

Efficient heat control in the welding area is achieved thanks to the **automatic temperature adjustment**, ensuring high performances. **SL13** also feature an overheating protection device and an automatic **energy-saving standby system**.

ERGONOMIC AND PRACTICAL DESIGN

The **solid structure** in plastic and aluminium and the **ergonomic and minimalist shape** help to maintain a high level of hygiene, weight and overall size and **excellent stability** during use. All this with the objective of offering a product suited to the daily needs in the medical area.

TECHNICAL FEATURES*

POWER SUPPLY VOLTAGE	220/240 Vac - 50/60 Hz
NOMINAL POWER	150 W
EXTERNAL DIMENSIONS (WITHOUT ROLL)	474 x 374 x 200 mm (LxDxH)
NET WEIGHT	4 Kg
TYPE OF SEALING	Continuous cycle and constant temperature
NOMINAL OPERATING TEMPERATURE OF THE HEATING RESISTANCE	180°
MAX SEALING LENGTH	12 mm
MAXIMUM WELDING WIDTH	300 mm
SEALABLE MATERIAL (IN ACCOMPLIANCE TO THE DIRECTIVE EN 868)	Paper /polypropylene film
MAX DIAMETER OF THE ROLL	200 mm

Application of the Directives: 2014/30/EC - 2014/35/EC - Reference Standards: EN 61010-1, EN 61326-1. 24-months guarantee.

*The technical data given represent typical values subject to tolerance.

Medical Device
compliant to
Directive 93/42/CEE
