NEW

SERIES MT02 DENTAL TURBINES

Sturdiness and safety at an affordable price:
the new range of FARO dental turbines **MT02** series.

Available in five models, the dental turbines MT02 are safe and reliable, for both you and your patients.

- **HEAD**
The **small size of the head** ensures safe and easy access to all sections of the oral cavity.

- **ROTOR**
The use of rotors with ceramic ball bearings which, thanks to the **retaining stop system**, minimize the penetration of impurities, increasing hygiene and durability of the instrument.

- **CLAMPING SYSTEM**
The **pushbutton clamping system with clamping force up to 30N** prevents backlashes or inaccuracies of the burr.

- **ERGONOMICS**
Very easy to handle and clean thanks to its ergonomic shape that optimizes hygiene procedures.

MT02 L, B44 and B42 with 4-spray cooling system.

Equipped with 4-spray which ensures optimum cooling of the instrument, the turbines **MT02** with standard head guarantee maximum protection of the dental tissues against burr overheating.

MT02 L and Mini L: 25,000 LUX for much easier operation.

Thanks to the optical photoconductor that outputs 25,000 LUX on burr's edge, the turbines **MT02 L** and **Mini L** provide centred and streak-free lighting of surgical area and reliable detection of preparation edges.

MT02 L

- Head diameter: 12,5 mm
- Head height: 14,5 mm
- Power: 16 W at only 2,8 bar
- Spray: with 4 jets
- Optical photoconductor: up to 25,000 LUX
- Clamping force: 30 N

Warranty 18 months

MT02 Mini L

- Head diameter: 10,8 mm
- Head height: 12,3 mm
- Power: 13 W at only 2,8 bar
- Spray: with 1 jet
- Optical photoconductor: up to 25,000 LUX
- Clamping force: 30 N

Warranty 18 months

MT02 B44

- Head diameter: 12,5 mm
- Head height: 14,5 mm
- Power: 16 W at only 2,8 bar
- Spray: with 4 jets
- Clamping force: 30 N
- Coupling: Midwest 4-way

Warranty 12 months

MT02 Mini B14

- Head diameter: 10,8 mm
- Head height: 12,3 mm
- Power: 13 W at only 2,8 bar
- Spray: with 1 jet
- Clamping force: 30 N
- Coupling: Midwest 4-way

Warranty 12 months

MT02 B42

- Head diameter: 12,5 mm
- Head height: 14,5 mm
- Power: 16 W at only 2,8 bar
- Spray: with 4 jets
- Clamping force: 30 N
- Coupling: Borden 2-way

Warranty 12 months

Warranty 18 months

OPTIONAL

Quick coupling QC02 LED

CODE

055500

LUBRICANTS

FARO SPRAY (box of 6 x 500 ml)

CODE

058050

Adapter FARO SPRAY (5 pcs.)

058052

TECHNICAL SPECIFICATIONS

- Silent and accurate operation
- Ceramic ball bearings
- Automatic retaining system
- Autoclavable up to 135° C

EXPERIENCE AND INNOVATION
SINCE 1948

BEHIND THE TECHNOLOGY

Faro's core business is the result of the best Italian technology and the daily commitment of many people working to shape excellent products, designed on the real ergonomic needs of the dentists and their patients.

FARO S.p.A. founded in 1948 by Osvaldo Favonio, designs and manufactures equipment for dental units, dental practices and dental labs. Manufacturing, design, research & development, all take place in our over 5,000 square metre plant in Ornago (MB), Italy.

Over the years, the company has become a world leader in this specific sector: a role gained by commitment to technology, research and design and an ability to understand the real needs of end users.

Utmost quality is assured by the internal management of the whole manufacturing cycle and a qualified and efficient pre and after-sales service. FARO experience best expresses the pride of a product made entirely in Italy.

The **six product lines** that manufacture and market offer a **comprehensive choice of solutions** for equipping dental practices and laboratories.

ILLUMINATION LED AND HALOGEN

includes several models of lamp, made with LED and HALOGEN technology;

APPLICATION SETS AND ACCESSORIES

essential for mounting the lights and their accessories to the dental unit and within the practice;

STERILIZATION AND PACKAGING

includes class B autoclaves, distillers and sealing machines;

INSTRUMENTS FOR DENTAL CABINETS

turbines, syringes, contra-angles and handpieces;

COMPONENTS FOR DENTAL UNITS

a range of accessories and parts dedicated to dental units;

INSTRUMENTS FOR LABORATORIES

motors and handpieces;

We can also customize our products to meet specific requests. For a customization project please contact our Customer Service.
